

1992 ANNUAL INDEX

A

Aggregate from old reservoirs, Mar.	49
Aggregate	
Biggest producers of aggregate listed, Sept. ..	16
Cajun, creole, and con/agg '92, Jan.	41
The due-diligence process: protecting your assets, Nov.	45
Get it down in writing: documenting company real estate, Sept.	47
Getting the scoop on excavators, July	34
A good lease: step by step, Oct.	50
ISTEA should heat up 1993 aggregate market, Dec.	25
Indio plant has the Midas touch, Mar.	45
Knowing your market area, May	65
The lists, part 1: national associations, Nov.	53
Maintenance time savers, Feb.	21
Mining gold from aggregate deposits, part 1, Nov.	41
Mining gold from aggregate deposits, part 2, Dec.	50
Property acquisition: contacting the owner, Aug.	48
Real estate acquisitions: preparing to deal, July	45
Real estate is a neglected asset, Mar.	40
Real estate: the strategy, Apr.	64
Real estate: the strategy, cont'd., May	44
Rock Products special report: screens, June ..	37
Salary survey: crushed stone, sand & gravel, Sept.	28
Software for aggregate producers, May	48
Special tools solve special problems, Oct.	41
Wetlands issue needs our help, Feb.	15
What's happening to your real estate?, June ..	47
American Aggregates	
Out with old, in with new, Nov.	50
Ash Grove	
Ash Grove opens its doors to the community, Oct.	29
Ayers, James E.	
Knowing your market area, May	65

B

Build local support for touchy projects, May	60
Blumenthal, Michael	
The rationale for using whole tires, July	48
Buyer's guide, Feb.	39
Buyer's guide supplement, June	53
Brown, Ivan E.	
Knowing your market area, May	65

C

Calcite plant aiming for the top, June	31
Carter, Russell A.	
Getting the scoop on excavators, July	34
Special tools solve special problems, Oct.	41
Cement	
Build local support for touchy projects, May	60
Cement dumping can be countered, Feb.	98
Cement's outlook for managed returns, Apr.	34
How does your cement salary compare? Nov.	32
International cement review, Apr.	38
Is burning waste hazardous to health?, Apr.	32
Operating costs of U.S. cement plants, Nov.	29
The rationale for using whole tires, July	48

Repairing tire and roller wear, Nov.	36
3-6% gain forecast for '93, Dec.	4
Tire power is fire power, Apr.	29
Con/Agg Show 1992, Jan.	41
Construction	
Public works, homebuilding to lead 1993 construction growth, Dec.	23
Crushed Stone	
Calcite plant aiming for the top, June	31
Crushers still a primary and secondary consideration, Mar.	31
Keeping it simple, Sept.	38
Out with old, in with new, Nov.	50
Quarry wins zoning fight, May	57
Salary survey: crushed stone, Sept.	24
Small plant is big on ideas, May	69
Twin tunnels link quarries, Aug.	30
Update: Genstar's Texas quarry, Aug.	33
We test the Cat 992D, Aug.	38
Crushers still a primary and secondary consideration, Mar.	31

D

Dust-controlled bulk handling system, Mar.	21
---	----

E

Editorial Comment	
Critical issues for construction material producers, Sept.	13
A focus on the environment, Apr.	13
Hits and misses of 1991, Jan.	25
How to evaluate a wetlands, Nov.	15
Is Greenpeace really interested in the environment?, Oct.	15
More comments on proposed NAA/NSA merger, June	17
Notes, comments, and a continuing soap opera, Mar.	15
Now we're confused. . . and so, apparently, are others, July	15
A seminar on recycling, Dec.	15
Should we recycle?, May	21
Some things you should know about our testing program, Aug.	13
Wetlands issue needs our help, Feb.	15
Environmental Protection Agency	
EPA, Corps clarify wetland definition for industry, Mar.	27
EPA issues air regulations, Nov.	15
EPA proposes new options for defining waste, June	15
The EPA studies use of waste in cement making, Aug.	11
New clean air regulations released, Aug.	11
ESSROC	
Cement plant safety program pays and pays off, Mar.	52

F

Forecast 93	
Aggregate: ISTE should heat up 1993 aggregate market, Dec.	25
Cement: 3-6% gain forecast for '93, Dec.	40
Construction: Public works, homebuilding to lead 1993 construction growth, Dec.	23
Gypsum: Recaptured market to hold in 1993, Dec.	37

Lightweight Aggregate: Improving in the east, flat in the west, Dec.	38
Lime: Another 4% gain in 1993, Dec.	37

G

General Crushed Stone	
Twin tunnels link quarries, Aug.	30
Genstar Stone Products	
Update: Genstar's Texas quarry, Aug.	33
Gesso, Paul G.	
The due-diligence process: protecting your assets, Nov.	45
Get it down in writing: documenting company real estate, Sept.	47
A good lease: step by step, Oct.	50
Property acquisition: contacting the owner, Aug.	48
Real estate acquisitions: preparing to deal, July	45
Real estate is a neglected asset, Mar.	40
Real estate: the strategy, Apr.	64
Real estate: the strategy, cont'd., May	44
What's happening to your real estate?, June ..	47
Getting the scoop on excavators, July	34
Grancher, Roy A.	
Cement's outlook for managed returns, Apr.	34
Gypsum	
Recaptured market to hold in 1993, Dec.	37

H

Hansen, Eric	
Tire power is fire power, Apr.	29
Hints & Helps	
Brake tips that can extend lining life, Aug.	23
Controlling vibration in crushing/screening structures, May	31
How to improve truck tire life, Apr.	22
Magnetic head pulley solves Marblehead problem, Feb.	29
Maintenance material requirements made easy, Nov.	25
Software predicts crushing plant operations, Oct.	27
Vibration analysis system can cut maintenance costs, Jan.	21
Huhta, Richard S.	
Critical issues for construction material producers, Sept.	13
A focus on the environment, Apr.	13
Hits and misses of 1991, Jan.	25
How does your cement salary compare? Nov.	32
How to evaluate a wetlands, Nov.	15
International cement review, Apr.	38
Is Greenpeace really interested in the environment?, Oct.	15
More comments on proposed NAA/NSA merger, June	17
Notes, comments, and a continuing soap opera, Mar.	15
Now we're confused. . . and so, apparently, are others, July	15
Operating costs of U.S. cement plants, Nov.	29
A seminar on recycling, Dec.	15
Should we recycle?, May	21
Some things you should know about our testing program, Aug.	13
Wetlands issue needs our help, Feb.	15

1992 ANNUAL INDEX

continued

Ideas/Trends

Bulk tire feeder for kilns is automated, Nov.	21
Dust-controlled bulk handling system, Mar.	21
Landfill design has potential for zero discharge, May	25
New waterproof gypsum product an "outsider," Aug.	15
Quick, unmanned, computerized weighing system, Sept.	15
Soil remediation process for asphalt plant made simple, July	17
Some new ideas: pan feeder and roller bearing unit, Feb.	21
Indio plant has the Midas touch, Mar.	45

Industry News

Aggregate producers fund local government's study, July	23
Aggregate research center opens in Texas, Oct.	31
Ash Grove opens its doors to the community, Oct.	29
CKRC undergoes major structural changes, Aug.	29
Cement dumping can be countered, Feb.	98
Consistent standards necessary when automating plant, Dec.	19
EPA, Corps clarify wetland definition for industry, Mar.	27
Housing and public works construction strengthens, May	34
Lightweight aggregate plant will utilize garbage, June	23
Lime plant odyssey: profit by trying, Feb.	32
Pro-active stance on environmental, safety rules urged (National Stone Association meeting), Jan.	35
Program set for 28th International Cement Seminar, Sept.	21
Pinker aids its Florida employees after hurricane, Nov.	26
Standard Aggregates lends hand to drug rehab center, Oct.	30
Top ten lime plants, Oct.	55
International cement review, Apr.	38
International cement seminar, Feb.	98
Is burning waste hazardous to health?, Apr.	32

K

Kelly, Kathryn E. Is burning waste hazardous to health?, Apr.	32
Knowing your market area, May	65

L

Lightweight Aggregate Improving in the east, flat in the west, Dec.	38
Lightweight aggregate plant will utilize garbage, June	23
Lime Another 4% gain in 1993, Dec.	37
Lime plant odyssey: profit by trying, Feb.	32
Top ten lime plants, Oct.	55
The lists, part 1: national associations, Nov.	53
Livingston-Graham Slowdown a chance to speed up, May	40

M

MacQueen, Don Rock products special report: screens, June	37
Salary survey: crushed stone and sand & gravel, Sept.	28

Salary survey: sand & gravel, Sept.	32
Maintenance Maintenance time savers, Feb.	21
Michigan Limestone Calcite plant aiming for the top, June	31
Mining gold from aggregate deposits, part 1, Nov.	41
Mining gold from aggregate deposits, part 2, Dec.	50

N

New plant ideas 1992 Gear lube system cuts costs and waste, July	33
One-coat epoxy allows employees to refinish rusty conveyor, July	26
'Portability' makes new plant permitting easier, July	32
A primer on how producers can get into the recycling business, July	27
Tracking in: reclamation at one-third the cost, July	31

O

Operating cost survey, May	31
Operating costs of U.S. cement plants, Nov.	29
Out with old, in with new, Nov.	50

P

Property acquisition: contacting the owner, Aug.	48
---	----

R

Real estate acquisitions: preparing to deal, July	45
Real estate is a neglected asset, Mar.	40
Real estate: the strategy, Apr.	64
Real estate: the strategy, cont'd., May	44
Repairing tire and roller wear, Nov.	36
Rock Products Register, 1992 The authors, editors, and staff of the Aggregate Handbook, Oct.	40
Grayson, William J., Oct.	34
Snider, Birch A., Oct.	35
Stoneburner, Gary L., Oct.	37
Syar, C.M., Oct.	36
Walton, Hugo W., Oct.	38
Weeks, Chester A., Jr., Oct.	39
Rukavina, Mitchell Calcite plant aiming for the top, June	31
Indio plant has the Midas touch, Mar.	45
Small plant is big on ideas, May	69
Some new ideas: pan feeder and roller bearing unit, Feb.	21

Salary survey Crushed stone, Sept.	24
Crushed stone and sand & gravel, Sept.	28
How does your cement salary compare?, Nov.	32
Industrial sand, Sept.	36
Sand & gravel, Sept.	32
Sand and gravel Aggregate from old reservoirs, Mar.	49
Salary survey: sand & gravel, Sept.	32
Slowdown a chance to speed up, May	40
Top producers over the years, Feb.	25
Screens Rock products special report: screens, June	37
Slowdown a chance to speed up, May	40
Small plant is big on ideas, May	69
Smith, W.E. Build local support for touchy projects, May	60
Software for aggregate producers, May	48
Special tools solve special problems, Oct.	41

Standard Lafarge Keeping it simple, Sept.	38
Statistics Aggregate shipments up 3.2% first six months of 1992, Oct.	21
Asian share of world cement consumption increases, Nov.	23
Biggest producers of aggregate listed, Sept.	16
Construction, cement consumption, profits down in 1991, Aug.	17
First quarter aggregate shipments up 4.3%, July	21
Kilns vs. incinerators: comparing the regulations, Mar.	22
Third-quarter aggregate statistics released, Jan.	31
A 30-year look at aggregate and cement prices, June	21
Three-year look at injury rates in aggregate operations, May	27
Top producers over the years, Feb.	25
Tracking MSHA citations at aggregate plants, Dec.	21
Suttill, Keith Aggregate from old reservoirs, Mar.	49

T

Tarmac Indio plant has the Midas touch, Mar.	45
Tenn Luttrell Co. Lime plant odyssey: profit by trying, Feb.	32
Thompson, James V. Mining gold from aggregate deposits, Nov.	41
Mining gold from aggregate deposits, part 2, Dec.	50
Tire power is fire power, Apr.	29
Top 10 sand and gravel and crushed stone producers over the years, Feb.	25
Truck Report Aligned wheels and balanced tires pay off, Mar.	25
Curing and preventing clutch problems, Aug.	19
Keep your diesel engine neither too hot nor too cold, Nov.	11
Synthetic gear lubes can reduce costs, May	29
Two "must" brake maintenance procedures, Feb.	31
Turley, William Comparing the top producers over the years, Feb.	25
Crushers still a primary and secondary consideration, Mar.	31
Dust-controlled bulk handling system, Mar.	21
Keeping it simple, Sept.	38
Landfill design has potential for zero discharge, May	25
Out with old, in with new, Nov.	50
Salary survey: crushed stone, Sept.	24
Salary survey: industrial sand, Sept.	36
